

Koolbreeze

Wholesale Climate Control Solutions

Order Code	Description
P12HCR2	Climateasy 12R2 Air Conditioner
P1XEXHST1.8M	Optional 1.8m Exhaust Hose

Introducing the new

Koolbreeze

Climateasy 12R2

12000BTU (3.5kW)

Portable Air Conditioner

Utilising eco-friendly R290 refrigerant which is non toxic and kinder to the ozone layer, the new Climateasy 12R2 portable air conditioner model from Koolbreeze is designed for smaller rooms requiring cooling or heating all year round.

The Climateasy 12R2 delivers 12000BTU (3.5kW) of cooling and 11000BTU (3.2kW) of heating power and provides air conditioning, heating, dehumidifying and cooling fan functions in a single compact unit.

The built-in automatic evaporative technology uses any collected moisture to cool the unit before it is eliminated through the exhaust duct leaving no internal water tank to empty during normal operation.

The Climateasy 12R2 also benefits from integrated WIFI support allowing it to be optionally controlled from an App on a tablet or smartphone.

Product Features*

- 12000BTU (3.5kW) Cooling
- 11000BTU (3.2kW) Heating
- Rated input 1345W (Cooling)/1391W (Heating)
- 1.3L/hr dehumidifier
- Size (WxDxH) 440x335x715mm
- Weight 26kg net/28kg gross
- 24-hour programmable timer
- Adjustable thermostat
- 3 available fan speeds with oscillating louvres
- Easy rolling casters for mobility
- Elegant compact upright design
- Air circulation capacity 340m³/hr
- Noise less than 65Db sound power
- 1.5m exhaust hose included as standard
- Optional 1.8 exhaust hose available
- Remote control included (requires AA batteries)
- WIFI enabled management via App
- Fitted with EU/UK plug
- 220-240V 50Hz 1-Phase
- Window kit included
- Energy usage category A
- Eco-friendly R290 refrigerant

Product must be vented outside when used in AC or heater mode.

For the purposes of EU regulations EN12102 this product is defined as a "local air conditioner" which produces less than 65Db sound energy.
