Prem-I-Air 3 kW Elite Over Door Air Curtain

A Prem-I-Air Elite 3 kW over door heater with 2 heat settings (1500/3000W) and 1 cool setting. The EH1688 includes a remote controller which is ideal for installation in shop doorways, bars and business reception areas; in fact anywhere you want to limit heat loss or manage temperature fluctuations where an exterior door is frequently in use. Fitted with Thermal Overload Protection. This product should be permanently fixed to a wall or ceiling and connected to a mains supply by a qualified electrician.

Features:

- PTC Heating for high thermal efficiency
- Heat or Fan only settings for year round use
- Easy To Use
- Remote control for total convenience
