

Product Code: PSPB

Description: Powersaver Plus Electronic Boost Controller with Single Button Operation

General Information

Dimensions 86mm x 86mm x 35mm
9mm Depth (Without Back Box)

Power

Operating Voltage 230V AC, 50Hz
IEC Protection Class Class II

Construction

Material ABS
Fixing Single Pattress – Surface and Flush Mounting

Outputs

230VAC Double Pole; 16A Resistive AC240V
Flush Mounting Minimum 25mm Depth
2A LED Lighting 200W

Boosts

Selectable Durations 30 Minutes, 1 Hour or 2 Hours

Environment

Ingress Protection IP20
Temperature Rating T40
Operating Temperature -10°C to 40°C
